

CLOSING THE TALENT GAP

Inspiring students and young professionals to pursue career opportunities within a specific sector.

ESPGHAN 2022

THE EUROPEAN SOCIETY FOR PAEDIATRIC GASTROENTEROLOGY HEPATOLOGY AND NUTRITION

On the final day of the congress, master's students, PhD students, and postdocs were invited to visit Aalborg University and its new Inflammatory Bowel Disease research center, PREDICT. The visit aimed to attract international talent to Denmark and address the talent gap in the research field.

Partners: The Danish Society for Paediatric Gastroenterology, Hepatology and Nutrition (DaSPGHaN), The European Society for Paediatric Gastroenterology Hepatology and Nutrition (ESPGHAN), Center for Molecular Prediction of Inflammatory Bowel Disease (PREDICT), Copenhagen Legacy Lab, and more.

IWA WORLD WATER CONGRESS AND EXHIBITION 2022

During the congress in Copenhagen, the International Water Association (IWA) established the Young Water Professionals Program to support talents under 35 in the water sector. The program aimed to help students and young professionals build a strong international network, facilitating their transition to the labor market, and inspiring them to pursue a career in the water sector.

Partners: The International Water Association (IWA), DTU Skylab, Copenhagen Legacy Lab, and more.
